

## **Photography & Video Policy Recreational Gymnastics Classes**

At Head Over Heels Gymnastics, we are committed to providing a safe, welcoming, and respectful environment for all participants. To protect the privacy and comfort of our gymnasts, families, and staff, the following photography and video policy applies to all recreational gymnastics classes.

### **No Photography or Video Recording**

Photography, video recording, or audio recording of participants is not permitted during recreational gymnastics classes.

#### **This includes, but is not limited to:**

Taking photos or videos of your own child while they are participating in class.  
Taking photos or videos of other children or families.  
Recording from the viewing area, gym floor, lobby, or other areas of the facility.  
Using mobile phones, tablets, cameras, smart watches, or other recording devices to capture images or video.

For privacy and safety reasons, photographs or videos taken within the facility must not be posted, shared, or distributed online if they include other participants, staff, or identifiable individuals without their express permission.

This includes posting content to:

Facebook  
Instagram  
TikTok  
Snapchat  
YouTube  
Personal websites or blogs  
Group chats or online communities  
Any other social media or online platform

## **Why This Policy Is Important**

Our recreational classes include children and families who may have different preferences or circumstances regarding photographs and online exposure. Maintaining a no-photography environment helps us respect everyone's privacy and provides families with peace of mind while their children participate in gymnastics.

## **Exceptions**

Photography or video may only take place when specifically authorized by Head Over Heels Gymnastics for an approved purpose, such as promotional photography, special events, or club activities. Where appropriate, consent will be obtained in advance.

## **Policy Compliance**

Parents, guardians, spectators, participants, and visitors are expected to respect this policy. If a staff member observes photography or recording taking place, they may ask the individual to stop and delete the content.

We appreciate your cooperation in helping us maintain a safe, respectful, and privacy-conscious environment for all of our gymnasts and families.

Thank you for helping us protect the privacy of our gymnastics community.
